Continuation of Substance of Interview including description of the general nature of what was discussed:

The Examiner has conducted several telephone discussions with Applicant's representative on 09/23/05, 09/26/05, and 09/27/05. The Examiner has indicated that independent claims 53 and 69 are allowable because of the recitation of the means plus function limitation "means for transporting". Regarding the independent method claim 76, the Examiner has indicated that claim would be allowable if amended to recite step plus function limitation incorporating "means for transporting".

The Applicant's representative has accepted the Examiner's suggestions. Dependencies of the dependent claims have been changed accordingly to depend from allowable independent claims. As result, all pending claims of record have been cancelled and new claims 100-134 have been added. New independent claims 100, 114, and 119 correspond to old claims 53, 69, and 76, respectively.

For details, please see Examiner's Amendment attached hereto.
